## IN THE PRESENCE OF

### **H.E. Dr. Mohamed bin Mubarak Bin Daina**

Minister of Oil and Environment  
Special Envoy for Climate Affairs  
Kingdom of Bahrain

The significance of health, safety, and environmental (HSE) issues is universally recognized as essential for safeguarding both economic and social resources. By embracing the latest advancements in technologies, procedures, preventive measures, and effective solutions, we can foster safe working environments that minimize the risks of industrial accidents. This is crucial not only for the protection of human health but also for the well-being of the workforce, which plays a vital role in the growth and prosperity of any institution.

The 9<sup>th</sup> edition of the Global HSE, International Conference & Exhibition on Health, Safety, and Environment, scheduled to take place in the Kingdom of Bahrain in 2025, presents a valuable opportunity to address current challenges and explore innovative, sustainable solutions. These solutions will contribute to shaping a safer and more resilient future. The participation of distinguished officials, decision makers, subject matter experts, and thought leaders at this event will facilitate the exchange of knowledge, ideas, and best practices, ensuring that the outcomes will benefit all stakeholders involved.

# INVITATION FROM CONFERENCE CHAIR

**Ghassan G. Abulfaraj**  
Vice President & Chief Loss Prevention Engineer  
Aramco

Distinguished Guests, Industry Leaders, and Esteemed Colleagues,

It is my great pleasure to welcome you to Global HSE 2025 here in the Kingdom of Bahrain. This premier event brings together visionary leaders, innovators, and industry pioneers to address the evolving landscape of Health, Safety, and the Environment. Under the theme “Connecting Minds, Inspiring Transformation,” we embark on a journey to collaborate, innovate, and drive meaningful change that will shape the future of our industries.

As we gather at this dynamic conference and exhibition, we have an unparalleled opportunity to explore groundbreaking solutions, exchange critical insights, and showcase the latest advancements in HSE. Our agenda features keynotes from global thought leaders, leadership panels, technical sessions, and hands-on workshops, all designed to foster progressive strategies and transformative ideas. The exhibition will serve as a platform for innovation, where cutting-edge technologies and best practices will be displayed, offering real-world applications and forward-thinking solutions to today’s most pressing challenges.

This event is not just about sharing knowledge, it is about shaping the future. The conversations we engage in, the ideas we generate, and the collaborations we form here will define the next era of HSE excellence. I encourage you to ask bold questions, challenge conventional thinking, and actively contribute to the discussions that will drive our industries forward.

More than a conference, Global HSE 2025 is a movement, a collective effort to build safer workplaces, improve health standards, and accelerate environmental sustainability. I look forward to your participation and to witnessing the transformative impact that will emerge from our shared expertise and commitment.

Welcome to Global HSE 2025.

# ABOUT GLOBAL HSE

The Global HSE Conference and Exhibition stands as the flagship platform in the region for driving sustainable progress through excellence in health, safety, and environmental (HSE) practices. Combining a world-class exhibition with a renowned strategic and technical conference, it serves as a catalyst for industry transformation, knowledge exchange, and innovation.

Led by a distinguished Governing Council of HSE thought leaders from global industries, Global HSE has established itself as a cross-industry, international platform that fosters collaboration, strategic dialogue, and groundbreaking advancements. The conference is widely recognized for its comprehensive program, featuring insightful strategic panels and technical sessions that underscore the indispensable role of HSE across diverse global sectors.

Through its eight successful editions, Global HSE has showcased remarkable achievements, pioneering strategies, and transformative ideas, significantly shaping the future of HSE.

# TESTIMONIALS

“

It was my first Global HSE conference. It was great to be with so many other people who are experts in their fields and shared their expertise. The conference was very well Organised and the staff was extremely helpful. Thank you for all your hard work.

”

**H.E. Er. Ho Siong Hin**

Senior Director International WSH  
Ministry of Manpower, Singapore

“

Attending the Global HSE Conference is essential for any organization committed to fostering a strong safety culture & ensuring business success. Excellence in HSE is not just a goal but a necessity for continuous operation. Companies must prioritize safety by developing robust programs that protect employees & the environment. The event offers invaluable insights into global safety standards, innovative practices, & the collective actions required to address challenges such as global warming. Participating in the Global HSE Conference presents an opportunity to drive positive change & reinforce your organization's commitment to safety and sustainability.

”

**Dr. Steve Phimister**

Managing Director  
PDO

“

First time attended Global HSE conference. It was totally first class from beginning to end. I would like to thank the organizers for this event, and I hope I can come back again.

”

**Ian Taylor**

CEO  
NEBOSH

“

Attending this conference frequently, and it continues to grow its importance and values, and I like the interaction we have seen and the engagement of senior leaders.

”

**Shakeel Kadri**

Executive Director & CEO  
CCPS

“

This is a unique event in Oman hosted by the Oman Energy Association, allowing all the operating companies from around the globe to gather and talk about HSE, & also to raise awareness about the real issue which matters in the region, & also to bring that synergy between all companies in the region & also to collaborate, help, support, share knowledge & updates which is excellent.

”

**Abdulrahman Al Yahyaei**

Chief Executive Officer  
Oman Energy Association (OPAL)

“

Every life is valuable and indispensable across industries, and I am very happy to see today that the 8th edition of Global HSE is held today at a large scale covering various topics involving dignitaries as well as the leaders in the industries and I am sure it will grow stronger to strengths.

”

**Hari Kumar**

Director HSE Assurance  
ENOC

“

Attending the Global HSE event is crucial for any organization committed to achieving HSE excellence. Leadership, sustainability, and technology are key pillars in developing an agile and resilient HSE system. Strong leadership empowers organizations to proactively identify risks and respond effectively, while staying abreast of technological advancements ensures more efficient risk management. Technology plays a pivotal role in tackling environmental challenges, such as achieving net-zero goals. HSE should be embedded in every facet of business operations, rather than being treated as an afterthought. The Global HSE event provides valuable insights to enhance your company's safety, sustainability, and overall operational effectiveness.

”

**Eng. Ghassan G. Abulfaraj**

VP & Chief Loss Prevention Engineer  
Aramco

# TESTIMONIALS

“

Global HSE is been running now for nearly a decade and it's a fantastic event that has gone around the world, a great gathering of people including HSE, Non-HSE associates, and practitioners all coming together to discuss various different issues. I have seen over the years that the topics changed more into new areas like psychological health, Digitalization, sharing best practices, and so on. I have been associated with Global HSE for the last decades and it's always a pleasure to be here and see old practitioners and friends but likewise also have the opportunity to meet and network with new people and global experts come to this event. ”

**Dr. Waddah Ghanem**

Hon. Chairman  
Energy Institute – Middle East

“

HSE is an extremely important part of any business or any organization and having this kind of event where people network and try to understand not just the challenges but also the latest technologies, and latest development in HSE are extremely vital to people like me, so with this event, I have learned a lot for the last 3 days because the topics discussed here are focused on certain subjects. Global HSE is a very interactive and informative event with a lot of discussion and debates by very prominent keynote speakers and panelists and quite a big networking opportunity. ”

**Ahmed Khali**

HSE Director  
Bapco Refining

“

To my surprise it went so great than I anticipated, there was a lot of interaction, especially giving the women and youth an opportunity to say what they want to say when it comes to such an environment which is really great. It unfolded very nicely, speeches and panel discussions are very fruitful. The number of people in this conference this year is massive from the previous edition I have seen, overall I am gratified and it was worth attending such an event, and in the future, I wish to host Global HSE in the United Arab Emirates. ”

**Ali A. Abdulla**

Senior Vice President & UAE Country Chair  
Petrofac

“

I have found the Global HSE conference to be one of the most valuable conferences I attend. The presentations are wide-ranging and extend from beginner to advanced levels. It is a good place to make professional connections. ”

**Prof. Vincent Ho**

President  
IOSH

“

Global HSE conference is something for us that is absolute across all borders in every culture in every company and it's an easy way to interact with all sorts of professionals & talents. I wish good luck to the organizers & looking forward to be a part of next edition. ”

**Xavier Bontemps**

Senior Vice President - HSE  
TOTAL, France

“

A great conference to attend for knowledge sharing and networking. I am really impressed with the numbers of delegates, speakers and exhibitors. ”

**Talal A. Al Anazi**

Director - Corporate Safety & Security  
MA'ADEN

## ABOUT GLOBAL HSE 2025

The 9<sup>th</sup> Edition of the Global HSE Conference & Exhibition, set for May 2025, stands as the premier platform for advancing health, safety, and environmental (HSE) excellence. Under the theme “Connecting Minds, Inspiring Transformation,” this edition will unite global industry leaders, policymakers, and HSE professionals to engage in high-impact discussions, explore cutting-edge innovations, and shape the future of workplace safety, workforce well-being, and environmental sustainability.

The technical program will feature keynote speeches by industry leaders, strategic panels, technical sessions led by subject matter experts, and a world-class exhibition showcasing the latest advancements in HSE solutions. Key industry priorities including AI-driven HSE intelligence, behavioral safety leadership, crisis preparedness, and sustainability-driven risk management will take center stage, ensuring organizations gain the insights needed to navigate evolving global challenges.

Additionally, specialized themed forums on Public Health & Safety, Construction HSE, and Youth Engagement will foster cross-sector collaboration and thought leadership. As a must-attend event for decision-makers and industry pioneers, Global HSE 2025 presents a unique opportunity for organizations to showcase leadership, drive industry transformation, and reinforce their commitment to HSE excellence on a global stage.

## EVENT THEME

# CONNECTING MINDS, INSPIRING TRANSFORMATION

The 9<sup>th</sup> edition of the Global HSE Conference will embrace the theme “Connecting Minds, Inspiring Transformation,” highlighting the power of collaboration and innovation in advancing health, safety, and environmental standards across industries. As global challenges grow in complexity, this event is designed to unite thought leaders, industry professionals, and change-makers to share ideas, spark innovation, and drive impactful change.

Connecting Minds underscores the value of networking and knowledge sharing between diverse stakeholders from seasoned leaders to emerging voices in HSE. It’s about building a community of experts committed to continuous improvement, safety, and environmental stewardship.

Inspiring Transformation focuses on actionable change. The event will showcase cutting-edge technologies, proven best practices, and forward-thinking solutions that are reshaping industries and creating safer, greener, and healthier work environments. Attendees will be encouraged to challenge the status quo, embrace bold ideas, and drive real, lasting transformation in their sectors.

By centering on connection and transformation, this year’s event invites all participants to be part of a dynamic, collaborative movement, one that addresses the most pressing challenges in health, safety, and the environment with innovation and purpose.

## WHO WILL YOU MEET

**HEALTH, SAFETY, AND ENVIRONMENTAL PROFESSIONALS:**

Specialists and practitioners dedicated to enhancing workplace safety, environmental stewardship, and overall well-being.

**CORPORATE LEADERS AND EXECUTIVES:** Decision-makers from major corporations seeking to integrate cutting-edge HSE strategies and drive organizational change.

**REGULATORY AND COMPLIANCE OFFICERS:** Experts focused on navigating and implementing industry regulations and standards.

**GOVERNMENT AND POLICY MAKERS:** Representatives shaping public policy and regulations related to health, safety, and environmental issues.

**ACADEMICS AND RESEARCHERS:** Scholars and researchers presenting the latest findings and innovations in HSE practices and technologies.

**CONSULTANTS AND SERVICE PROVIDERS:** Professionals offering specialized HSE solutions, technologies, and services to help organizations meet their goals.

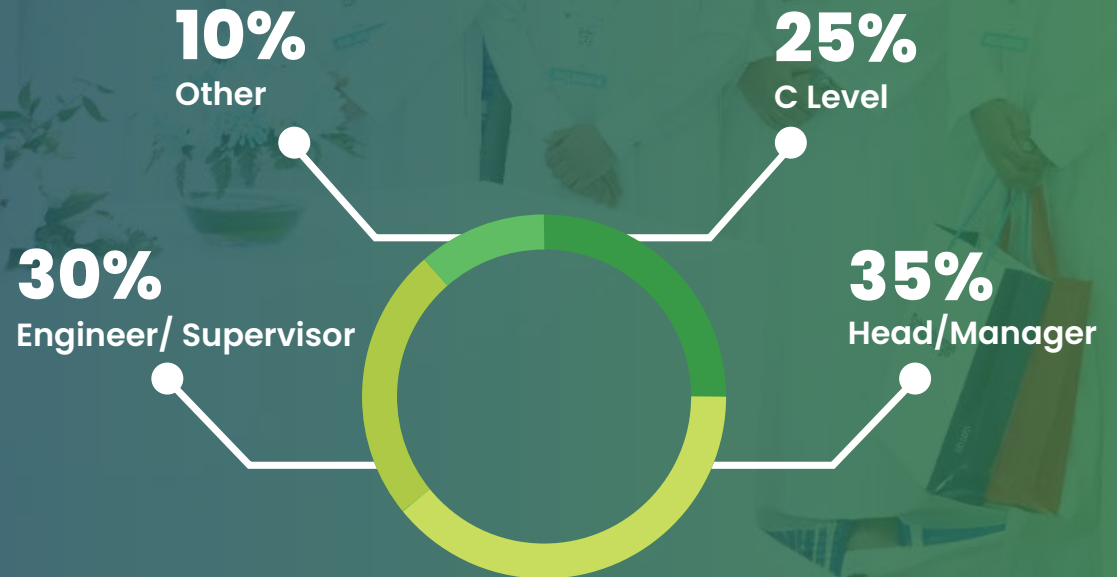

**INDUSTRY INNOVATORS:** Visionaries introducing groundbreaking technologies and methodologies that are setting new benchmarks in the field of HSE.

# WHY ATTEND

## Top Reasons to Attend

-  **Networking**  
with Industry Peer
-  **Identify**  
new Opportunities/Market
-  **Generate**  
new Business
-  **Elevate**  
your Brand
-  **Build**  
key Connections
-  **Explore**  
new Products/Innovations
-  **Inspire**  
new Ideas

## ATTENDEE SENIORITY

# WHO EXHIBITS

- ❖ NOCs/IOCs & Professional Bodies
- ❖ Occupational Health & Safety Organizations
- ❖ HSE Audit Firms
- ❖ Educational Institutions & Training Providers
- ❖ Safety Equipment, PPE & Security Organizations
- ❖ Industrial Hygiene & Environmental Technology
- ❖ Crisis & Emergency Response Organizations/Colleges
- ❖ Hazardous Substance & Radiation Protection Specialists
- ❖ Consulting, Services & Technical Risk Assessment
- ❖ Process Safety, Electrical Equipment
- ❖ Fire/Explosion Protection specialists
- ❖ Machine Protection Equipment Manufacturers
- ❖ Measurement, Regulation & Control Companies
- ❖ Service/Maintenance/Consulting Companies
- ❖ Ergonomics Specialists
- ❖ Media & Specialist Agencies
- ❖ Management System & Database Solution Providers

# WHY EXHIBIT

## SHOWCASE INNOVATIONS

Present your latest products and technologies to a global audience, generating valuable leads.

## EXPLORE ADVANCEMENTS

Discover cutting-edge developments in the HSE sector and position your company as a leader.

## ENGAGE WITH KEY PLAYERS

Connect with potential clients and partners actively seeking new solutions.

## GAIN INSIGHTS

Access critical market intelligence and stay ahead of emerging trends.

## EXPAND GLOBAL REACH

Increase your visibility and market presence with international stakeholders.

## ESTABLISH MARKET PRESENCE

Use this platform to strengthen your brand and open new business opportunities.

## DEMONSTRATE COMMITMENT

Highlight your dedication to health, safety, and environmental standards.

## NETWORK FACE-TO-FACE

Build valuable relationships with industry leaders and decision-makers.
